

VETFLASH!

Dear SAVA Members

Following President Ramaphosa's announcement to the country on the 23rd of April regarding the levels of lockdown that will ensue from the 1st of May 2020, we have been working to update the guidelines to members.

We have since updated these guidelines and will distribute these as soon as possible.

In order to ensure that SAVA does not provide guidelines that are in conflict with the views of SAVC or government, we are awaiting input prior to distribution. We are aware that the landscape will change on the 1st of May and we will distribute it before then.

**Best regards,
Gert Steyn
Managing Director**
