

VETFLASH!

Dear Member,

Attached please refer to the document called “Department of Labour Guidelines 29 April”. This is pursuant to the mail that we sent to provide you with a risk assessment document and a workplace policy. It is also attached again for your convenience (Excel file and Workplace Covid V1). The policy that you may amend to suit your purposes is also attached – filename is Workplace Policy on Covid-19 2020.

We would request you to ensure that you have read and understood the Dept of Labour Guidelines, taking special mention of Section 40, which highlights the measures that businesses that have less than 10 employees must take.

Best regards,
Gert Steyn
Managing Director
